Directions:

From I-15 traveling South from Salt Lake

Left onto Route 17, Sign says Toquerville and Hurricane Exit 27. A Zion and Grand Canyon sign follows that sign. After about 3 miles go Left on Route 9 to Springdale. This is '+ roads' and you need to turn left - look for the two gas stations and supermarket.

(Note : DO NOT go straight on as road leads to Hurricane and then ends up back at I.15 again!).

Springdale is 17 miles from this junction.

We are located in center of Springdale on the left side as you approach from the South i.e.: towards the Park. We are immediately before the Shell Gas station at the start of a right hand curve; it's a "quaint story book house". The entrance to the car park is immediately off Route 9 by the side of the gas station.

From I-15 traveling North from Las Vegas:

Find I-15 North (from airport exits) - Signed direction is Salt Lake Drive through St. George

1 Mile after leaving "the lights" of St.George turn right onto Route 9 (Junction 16) signed Hurricane, Zion.

After Hurricane is the small village of La Verkin. Turn right at the '+ roads' at the two gas stations and supermarket. (Note: DO NOT go straight on as road then becomes Route 17 and ends up at I-15 again).

Springdale is 17 miles from this junction.

We are located in center of Springdale on the left side as you approach from the South i.e.: towards the Park. We are immediately before the Shell Gas station at the start of a right hand curve; it's a "quaint story book house". The entrance to the car park is immediately off Route 9 by the side of the gas station.

From 89 heading South or North:

Turn right/left onto Route 9 at Carmel Junction. After 17 miles pay Zion Park toll (or use pass) and go through tunnel. Enter the Canyon.

Enter town of Springdale. Look for a Shell Gas station on the right side just after the "main" section of shops/restaurants. Under the Eaves B&B is immediately past this Shell gas station – the entrance to the car park is immediately off Route 9 on a small road between the B&B and the gas station.
